Akshita Mahajan

Indore, India | ahshit19@gmail.com | +91-9301995056 | LinkedIn

Education

Plaksha University, Mohali Aug 2025 – Present
The Emerald Heights International School, Indore Apr 2021 – May 2025
CBSE Class 12 (PCM +IP): **96.6%** CBSE Class 10: **97.2%**
Aaditya Vidhya Vihar, Khargone 2010 – Mar 2021

Experience

Agriguru Technologies — Hardware Intern Aug 2025 – June 2026

- Prototyped and tested sensor and microcontroller-based hardware for agriculture, reducing noise & errors.
- Prepared circuit diagrams, test reports, and documentation; delivered technical presentations for investors and and successfully convinced 70+ farmers to adopt the product.
- Supported social media and outreach posts helping increase page engagement by 200%.

Uncle Tonnies — Freelance Web Developer Sept 2026

- Engineered and deployed a complete, ordering, workflow management system for Uncle Tonnies cafe.
- Integrated financial dashboard, dual-portal system for customer to view menu and order, and a secure admin dashboard for live order tracking.
- Designed a serverless relational database in Supabase.

TinkerMinds — Founder Sept 2026-Present

- Organising workshops such as RoboSoccer and 3D-Printing, PCB making in schools to enchance quality education and skill development.
- Hands-on learning for students and organising competitions.

Projects

Water Treatment Prototype (IIT Indore Fluxus — Winner)
Designed a sustainable water purification prototype using embedded sensors and microcontrollers to check water quality, leading a team of 3 students, winning a 15,000 cash award at IIT Indore Fluxus.

Borewell Rescuer System (1st Runner-up)
Developed a borewell rescue device integrating camera, communication modules, and motor drivers, enabling remote operation up to 50–100 m depth.

Technical Skills

Programming: Python, C, C++
AI & Computer Vision: YOLOv5, CNN, Object Detection, Image Processing
Embedded & IoT: Microcontrollers (Arduino, ESP32, Atmega), Sensors, Motor Drivers, App-based Control (Blynk), Communication Modules (WiFi, Bluetooth,NRF)
Web & Database: HTML, CSS, JavaScript, SQL, Supabase
Tools: LaTeX, Canva, 3D modelling, PCB designing, Circuit Simulation, Cloud-based IoT Platforms

Leadership & Achievements

Science Head: Led STEM activities in robotics and electronics projects in highschool.
Robotics Club: Built competition robots; Top 6 out of 50+ teams at IIT Bombay Techfest RoboSoccer.
CyDef Club: Organised 3+ events and coordinated backstage operations for cybersecurity activities.
Yoga: National-level player and certified instructor; led free yoga sessions at Akal Old Age Home and taught 20+ children and women in the local community.
Awards: IIT Indore Fluxus Winner (15,000), Balvigyan Winner, 10+ Science Olympiad Gold Medals.
NCC Air Wing: Co-piloted a two-seater Virus aircraft during training.

Additional

Languages: English, Hindi **Interests:** Yoga, Painting, Embroidery, Cycling, IoT tinkering
